CIVIL CEREMONY IN ITALY

In Italy, Civil weddings must be performed in a Town Hall or in a location approved by the Italian government. Weddings performed in Italy are automatically recognised and registered abroad.

Ceremony lasts about 20/30 minutes and can be enriched with personal vows, readings and music.

You will need two witnesses and a translator for the ceremony. We will be happy to give you all of the assistance you need to complete the documents required for a civil marriage.

In some venues where we can organize your wedding reception, civil wedding ceremonies are permitted by Italian government.

Depending on the marriage location you choose you should present a sworn declaration before the civil registrar one or two days prior the wedding.
